FINE TEA SINCE 1847

BOOTH'S

BREAKFAST TEA

LOOSE LEAF TEA

Selecting and blending fine teas from around the world is our speciality. Before opening the first Booths store, The China House, Blackpool in 1847, Edwin Henry Booth trained as a tea trader where he developed the finely honed skill of expert tea tasting.

This skill has been passed down from generation to generation to ensure all Booths teas are blended to match your highest expectations.

A full bodied invigorating tea made from a blend of Assam, Kenyan and Sri Lankan leaves.

For the perfect brew

Warm the teapot and then add one teaspoon of tea per person, plus an extra "for the pot". Pour on freshly boiled water. Brewing time is a matter of taste but we recommend leaving the tea to infuse for 3-4 minutes.

Add milk or sugar to taste.

Storage

Tea should be kept in a cool, dark, dry container that is airtight.

Coffee Tasting

Coffee is rich in variety and each bean contains a complex array of aromas and flavours that change and develop depending on the level of the roast. First breathe in the aroma from your cup before slurping the coffee to release the full range of flavour - finally the texture or body of the coffee rounds off your impressions. Anything from a citrusy bite to a nutty and earthy flavour can be found. Coffee can be light and refreshing or warm, velvety and comforting.

MONSOON MALABAR ROAST & GROUND COFFEE

Beans exposed to the monsoon winds of Southern India, giving a rich, full bodied velvety smooth coffee

STRENGTH
5

Edwin Henry Booth would travel the globe picking coffee for his shop in Blackpool. These days we're just as choosy. We choose 100% Arabica beans from coffee estates around the world.

Then, back in Preston, we roast, blend and pack them. Always in small batches, so they're on our shelves as fresh as they can be.

Preparation

Use a round dessert spoon of coffee per cup, pour fresh, just off the boil water over and break the surface of the water by giving it a stir. Brew for 3 to 4 minutes.

Storage

Your coffee should be kept in a cool, dark, dry container that is airtight. Once opened use within 2 weeks.
